### **IMPORTANT NOTICE REQUIRED BY LAW**

The rules set forth below govern the terms of your lease or occupancy with this manufactured housing community. If these rules are changed in any way, the addition, deletion or amendment must be delivered to you, along with a copy of the certified mail receipts indicating that such change has been submitted to the attorney general and the secretary of communities and development and either a copy of the approvals thereof by the attorney general and said secretary or a certificate signed by the owner stating that neither the attorney general nor said secretary has taken any action with respect thereto within the period set forth in paragraph (5) of section thirty-two L of chapter one hundred and forty. This notification must be furnished to you at least thirty days before the change goes into effect. The law requires all of these rules and regulations to be fair and reasonable, or said rules and regulations cannot be enforced.

You may continue to stay in the community as long as you pay rent and abide by the rules and regulations. You may only be evicted for nonpayment of rent, violation of law or for substantial violation of the rules and regulations of the community. In addition, no eviction proceedings may be commenced against you until you have received notice by certified mail of the reason for the eviction proceeding and you have been given fifteen days from the date of the notice in which to pay the overdue rent or to cease and desist from any substantial violation of the rules and regulations of the community; provided, however, that only one notice of a substantial violation of the rules and regulations of the community is required to be sent to you during any six month period. If a second or additional violation occurs, except for nonpayment of rent, within six months from the date of the first notice then eviction proceedings may be commenced against you immediately.

You may not be evicted for reporting any violations of law or health and building codes to boards of health, the attorney general, or any other appropriate government agency. Receipt of notice of termination of tenancy by you, except for nonpayment of rent, within six months after your making such a report shall create a rebuttable presumption that such notice is a reprisal and may be pleaded by you in defense to any eviction proceeding brought within one year.

Any group of more than fifty percent of the tenants residing in the manufactured housing community has certain rights under section thirty-two R of chapter one hundred and forty, to purchase the community in the event the owner intends to accept an offer to sell or lease the community in the future. If you wish to receive further information about the financial terms of such a possible purchase, you may so notify the owner at any time by signing the attached Request for Information and returning it to the owner in person or by certified mail. Such request for information shall not obligate you to participate in any purchase of the community. For a proposed sale or lease by the owner which will result in a change of use or a discontinuance of the community you will receive information at least two years before the change becomes effective. Otherwise, Requests for Information or similar notices from more than fifty percent of the tenants residing in the community must be on file with the owner before the owner is required to give you information concerning the financial terms of a sale or lease.

This law is enforceable by the consumer protection division of the attorney general's office.
